I. ESTABLISHMENT OF COVENANTS

1) **ADDITIONAL COVENANTS.** All owners within the Sonoma Ranch East Subdivision are subject to covenants which relate to the subdivisions within the approximately 226.66 acres of Sonoma Ranch East. Those covenants burden properties within all of the subdivisions within Sonoma Ranch East, and their owners. The Covenants set forth herein are in addition to, and not in lieu of, the covenants for Sonoma Ranch East and the covenants for Del Prado Subdivision. The owners within Del Prado Subdivision, Phase 1, also marketed as the Del Prado "Collections", at Sonoma Ranch East are obliged to abide by all three sets of covenants, and to pay the assessments due to the Sonoma Ranch East Homeowners' Association and Del Prado Subdivision, as well as the assessments due under these covenants.

2) **TERM.** All of the restrictions, conditions, covenants and reservations set forth in the Declaration shall be covenants running with the land and shall continue and remain in full force and effect at all times until January 1, 2027, and shall thereafter be automatically continued without further notice from that time for successive periods of ten (10) years without limitation, unless there shall be recorded a written instrument, approved by the then-record owners of seventy-five percent (75%) of the lots in the subdivisions and executed by the members of the Design Review Committee, modifying or extinguishing this Declaration in whole or in part.

3) **ENFORCEMENT.** All persons, firms, associations, and corporations who now own, or who may in the future own, property in the subdivision are specifically given the right to enforce these covenants through any proceeding, at law or in equity, against any person or persons, firms and corporations violating or threatening to violate such covenants, and to recover any damages suffered by them from any violation thereof. Neither the Declarant nor the Design Review Committee shall be obligated to enforce any covenant through legal proceedings.

4) **SEVERABILITY.** Invalidation of any one of these covenants by judgment or court order shall not affect any of the other provisions, which at all times shall remain in full force and effect.

5) **DESIGN REVIEW COMMITTEE.**

A. The Design Review Committee shall initially be composed of three persons to be chosen by the Developer. The Developer has the authority to remove any member of the initial committee, with or without cause. In the event of death, resignation or removal of any member of the initial committee, the above-mentioned Developer shall have full authority to designate a successor or successors. The Design Review Committee may designate one of its members to take any action or to perform any duties for and on behalf of the Committee. The members of the Committee shall not be entitled to any compensation for services performed pursuant to this Covenant. The initial Design Review Committee shall exist until such time as the Developer states in writing to all individual owners of lots in Del Prado Subdivision, Phase 1, also marketed as the Del Prado "Collections", at Sonoma Ranch East subdivision that control shall pass to whomever the majority of those lot owners shall elect. A majority of the lot owners shall determine the means of the continuation and succession of members of the Design Review Committee after notice has been served. Such notice shall be given at the latest after the conveyance by the Developer of the last lot in Del Prado Subdivision, Phase 1, also marketed as the Del Prado "Collections", at Sonoma Ranch East Subdivision; however, failure to give such notice shall not extend the term of any member of the Committee, nor shall Sonoma Ranch Construction, LLC, be liable therefore.

B. In addition to other powers and authority vested in the Design Review Committee, it shall also: rule upon any questions arising with respect to interpretation of the protective covenants; grant variations from these covenants at its discretion, and, if necessary, may, but shall not be required to, take any action necessary to enforce the same on behalf of all parties having an interest. Such shall not preclude any other person authorized by law from either enforcing or enjoining the enforcement of these restrictive covenants.

C. The Design Review Committee shall also serve as an architectural review committee. The Design Review Committee shall issue standards or rules ("Design Standards") relating to the procedures, materials to be submitted and additional factors which will be taken into consideration in connection with the approval of any proposed improvements to the property.

D. The review of any plans submitted to the Design Review Committee, and any approval thereof, is intended and shall be construed solely as review of compliance with these Protective Covenants, and shall not be deemed or construed in any way to include review and/or approval of compliance with applicable laws, codes or regulations, nor of safety, habitability, stability or any other matter, all of which are the responsibility solely of the architect, builder and/or owner of the improvements for which plans are submitted.

6) **DESIGN REVIEW.** No building, wall or fence shall be erected, placed or altered on any lot until the construction plans and specifications, and a plan showing the location of the structure having been approved by the Design Review Committee as to materials and compliance with these covenants. No exterior portion of a structure (including doors) may be painted until the Design Review Committee has approved the color. Approval shall be as provided in Paragraph I-6.

7) **PROCEDURE.** Owners shall submit plans and specifications to the Committee, along with forms designated and included in Design Standards. The Committee's approval or disapproval as required in these covenants shall be in writing, and given within ten (10) working days of the submission of all required information. In the event the Design Review Committee fails to act on submitted plans within the 10-working-day review period, then the plans shall be deemed approved.

8) **NON-LIABILITY.** Neither the Developer nor the Design Review Committee shall incur liability to anyone submitting plans for approval, or to any owner or owners of land subject to these covenants by reason of mistake in judgment, negligence or nonfeasance of itself, its agents or employees, arising out of or in connection with the approval, or disapproval, or failure to approve any such plans; anyone submitting plans for approval, by the submitting of such plans, and by acquiring title to any of the property covered hereby, waives his claim for any such damages.

9) **APPLICABILITY.** The conditions and restrictions imposed herein shall apply to all lots within Del Prado Subdivision, Phase 1, also marketed as the Del Prado "Collections", at Sonoma Ranch East Subdivision, unless the Design Review Committee as provided herein grants variations.

6. Any variation in use or placement of materials as prescribed above must first be approved by the Design Review Committee.

B. At any time a substantial change, alteration or modification is made to the front yard or side yard of a lot relative to landscaping, the Committee must approve such substantial change, modification or alteration. The Board may adopt such reasonable rules and regulations as it may deem advisable for the maintenance, conservation and beautification of the maintenance areas and for the health, comfort, safety and general welfare of the owners. Written notice of such rules and regulations shall be given to all owners and the areas shall be at all times maintained subject to such rules and regulations.

4) ASSESSMENTS AND MAINTENANCE FUND

There shall be a maintenance fund and assessments against the lot owners as follows:

A. CREATION OF MAINTENANCE FUND AND OBLIGATION FOR ASSESSMENTS: The Board shall establish a maintenance fund for the administration, maintenance, repair, replacement and improvement of the maintenance areas and facilities and for the enforcement of the provisions of this Declaration and the By-Laws, which maintenance fund shall be financed or funded by assessments as herein provided, paid by all lot owners. Each future lot owner, including transferees of future lot owners, shall make monthly payments to the maintenance fund a sum of money determined by the Board to be adequate to pay the share of the maintenance fund of such future owner or transferee. If the Board fails to determine the amount of such sum, the amount shall be \$125.00 per month for each lot owner. The fund shall be administered on a fiscal year basis, which fiscal year shall end on December 31st of each year.

Each year, on or before November 30th, the Board shall estimate the total amount necessary to pay the cost of wages, materials, insurance, services and supplies which will be required for the administration, tax and insurance payments, maintenance, repairs replacement and improvement of the maintenance areas during the ensuing fiscal year, for the exercise and performance of the owners and duties of the Board and for the enforcement of the provisions of this Declaration and the By-Laws, together with a reasonable amount considered by the Board to be necessary as a reserve for contingencies and replacements and shall notify each owner as to the amount of such estimate.

On or before the second day of each month, each owner shall be obligated to pay to the Board the assessments due pursuant to these covenants, unless other payment arrangements are made with approval of the Board.

B. MANAGEMENT OF THE MAINTENANCE FUND AND COLLECTION OF THE ASSESSMENTS: On or before the date of each annual meeting of the owners, the Board shall supply to each owner an itemized accounting of the administrative, maintenance and other expenses for the preceding fiscal year actually incurred and paid, together with a tabulation of the amounts collected pursuant to the estimates provided, and showing the net amount over or short of the actual expenditures plus reserves. Any amount accumulated in excess of the amount required for actual expenses and reserves shall be credited to the amount due from the owners next year's estimate, until exhausted, and any net shortage shall be added to the next year's estimate after rendering of the accounting. The Board shall build up and maintain a reasonable reserve for contingencies and replacements. Extraordinary expenditures not originally included in the annual estimate that may become necessary during the year shall be charged first against such reserve. If said estimated cash requirement proves inadequate for any reason, including non-payment of any owner's assessment, the Board may serve notice of such further assessment on all owners by a statement in writing, giving the amount and reasons therefor, and such further assessment shall become effective with the next payment.

All owners shall be obligated to pay the adjusted monthly assessments. The initial Board shall determine the "estimated cash requirement" as above defined. The failure or delay of the Board to prepare or submit the annual adjusted estimate on the owners shall not constitute a waiver or release in any manner of such owner's obligation to pay the maintenance costs and necessary reserves. The Board shall keep full and correct detailed books of account and records of the receipts and expenditures affecting the common areas, specifying and itemizing the maintenance and repair expenses of the common areas and any other expenses incurred. The records and the vouchers authorizing the payments shall be available to inspection by any owner or any representative of any owner at reasonable times. All funds collected hereunder shall be held and expended for the purposes designated herein and shall be deemed to be held for the benefit, use and account of all the owners.

If an owner is in default in the monthly payments of the aforesaid charges or assessments for thirty days or longer, the members of the Board may bring suit for and on behalf of themselves and as representatives of all owners to enforce collection thereof or to foreclose the lien therefor as hereinafter provided and there shall be added to the amount due the costs of such suit, together with legal interest and reasonable attorney's fees to be fixed by the court. To the extent permitted by any court decision or any statute or law now or hereafter effective, the amount of any delinquent and unpaid charges or assessments and interest, costs and fees, as above provided, shall be and become a lien or charge against the lot owned by the lot owner involved when payable and may be foreclosed by an action brought in the name of the Board as

foreclosure of mortgage against real estate, and the period allowed for redemption shall be one month from and after the date of foreclosure suit. Said lien shall take effect and be in force, provided, however, that encumbrances owned or held by any bank, insurance company or savings and loan association shall be subject as to priority, after written notice to said encumbrances of unpaid maintenance expenses, only to the lien of all common expenses on the encumbered lot which become due and payable subsequent to the date said encumbrances either takes possession of the lot, accepts a conveyance of any interest therein, or files suit to foreclose his/her lien. In the event of a voluntary conveyance of ownership, the grantor and grantee shall be jointly and severally liable for all unpaid common expenses and assessments for common expenses related to said ownership to the time of such grant or conveyance. Amendments to this paragraph shall only be effective upon unanimous written consent of the owners and their mortgagees. No owner may waive or otherwise escape liability for the assessments provided for herein by non-use of the maintenance areas or by abandonment of his/her lot.
